

**LANDLORD PERMISSION TO PERFORM ASSESSMENT  
& INSPECTIONS FOR RENTAL UNITS**

Your multifamily building(s) is under consideration to receive services from the Weatherization Assistance Program (WAP). Texas Department of Housing and Community Affairs (TDHCA) administers the WAP Program in Texas. The WAP operates under Federal and State rules which have certain requirements of which you, as a multi family building landlord, should be aware. At the bottom of this page is a PERMISSION TO ENTER PREMISES section granting your permission for: Concho Valley Community Action Agency (agency)

to enter your building(s) to perform energy audits, collect eligibility documentation from your tenants, and complete applications.

Before work begins on your building(s), you will be required to sign a Landlord Agreement, a copy of which is attached for your review. Please be aware that only residential units may be weatherized. Meeting rooms, game rooms, laundry rooms, maintenance rooms, daycare centers, office areas or commercial business areas, and non-residential facilities are not eligible for weatherization services. WAP may request a financial commitment from the building's landlord(s) based on the estimated cost for each building containing multi-family rental units. Exceptions to this requirement can be made when the owner is an income-eligible applicant or a non-profit entity. The financial commitment may be in the form of monetary contributions (checks or money orders), materials, or labor provided to install eligible measures. All monetary contributions provided by landlords will be used for labor and materials. The estimated cost of each building will be based on an energy audit that is performed on each individual unit within the building. When the energy audits are completed, the local weatherization agency will contact you to discuss the proposed weatherization measures for each building and your financial commitment to the project and the Landlord Agreement.

After weatherization services have been provided, the local agency is required to conduct a quality control inspection to ensure that work was completed in accordance with the standards set forth by the WAP. It is your responsibility to assist the local agency staff in gaining entrance to your property.
